## **ENVIRONMENTAL POLICY**

Base Cooking Scandinavia AB, as a marketer of forest raw materials, shall ensure that its operations are conducted in a manner as considerate as possible for both the environment and employees.

We shall comply with applicable legislation and adhere to FSC® requirements and intentions.

To the greatest extent possible, we shall ensure that the raw materials do not come from illegal or unauthorized harvesting, forest areas where traditional or civil rights are violated, forests where high conservation values are threatened, genetically modified trees, or natural forests that have been harvested for conversion to plantations or non-forest land use.

We will follow the ILO core conventions regarding:

- Child labor
- Forced labor
- Workplace discrimination
- Freedom of association and collective bargaining

Operations shall be conducted and continuously improved in a manner that minimizes any potential negative environmental impact.

The raw materials shall, to the greatest extent possible, come from environmentally adapted certified forestry. Base Cooking Scandinavia AB shall work to increase this volume.

We shall responsibly fulfill our commitments to employees, society, the environment, and contractors.

Staff shall be trained and informed to meet the above requirements and intentions.
