

Food protected on every shelf

The 800 Cooling 360° Fridge Freezer, with a sleek stainless steel interior, gives you even temperature distribution on every shelf. Protects your food, no matter where you place it.

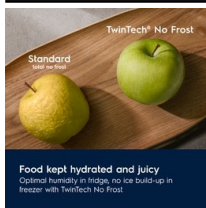

Product Benefits & Features

Every corner. Thoroughly chilled. With Cooling 360°

Cooling 360° - premium stainless-steel interior and advanced cooling. Efficient vents provide even air distribution on every shelf, ensuring that food is protected no matter where you place it.

GreenZone+ helps keep fruits and veggies protected

GreenZone+ is the ideal vegetable drawer. It eliminates excess humidity while preserving the right amount of moisture for your veggies. Keeping fruits and vegetables healthy.

TwinTech No Frost: Protects produce, prevents ice build-up

The dual cooling system of TwinTech® No Frost offers separate air circulation between fridge and freezer. This keeps the right humidity level in the fridge to help keep food from drying out while preventing ice build-up in the freezer.

Delicate ingredients protected, with the ExtraChill drawer

Protect the quality, taste and freshness of cold cuts and cheese in the ExtraChill drawer. The drawer maintains a lower temperature than the rest of the fridge, with an active circulation of cold air.

- Automatic defrosting of the freezer compartment
- Automatic defrosting of the cooling compartment
- Action Cool function quickly assures the desired refrigeration temperature
- Fast freeze function with automatic return to normal
- Holiday function to minimize energy consumption during long absence avoiding mould and bad odours
- Freezer drawers: 2 Full Width + 1 Half Depth, Transparent Plastic
- Separate controls for freezing and cooling compartment
- Combined glass shelf in fridge with 50/50 split
- Refrigerator lighting: Luna – 1 side; Luna – 1 top
