

The fast, safe and clean way to cook

Induction technology ingeniously targets the spot you're heating, leaving other areas cool and safe. The hob responds instantly to temperature changes making your cooking more efficient, and the glass surface means cleaning is easy.

Product Benefits & Features

The right cooker for you – easy, fast and safe

Induction Hob technology means that heat is delivered quickly and precisely, while the surrounding areas remain cool and safe. It also reacts instantly to temperature changes. And the smooth surface makes it easy to clean.

Multilevel Cooking. Cook more at the same time

With Multilevel Cooking, the additional heating ring ensures your dishes are perfectly cooked even when loaded with two trays at the same time.

Black Enamel – durable and easy to clean

Black Enamel is the optimum material used for a cooker's cavity. Robust, durable and easy to clean, it facilitates the cooking process.

A glass door that's simple to keep clean

The glass in this oven's door is simple to clean. You can completely remove the door and the glass panels, and quickly clean it all.

The oven that's easier and more convenient to clean!

The moveable shelf supports make it easier than ever to give your oven a thorough clean, even in those tricky corners, in less time and with less effort.
