

ST4533IN

Product Family	Dishwashers
Width	45 cm
Commercial height	82 cm
Installation	Fully-integrated built-in
Kitchen panel	Not supplied
N° baskets	3, Flexi
EAN code	8017709302924

Programmes

No. of programmes	8	ECO	Yes
Washing temperatures	50, 60 °C	Mix	Yes
Soak	Yes	Self clean	Yes
Full express - 60 minutes	Yes	Intense 60°	Yes
Express 50°	Yes	Auto 50°-60°	Yes

Options

Delay timer option	Up to 24 hours, with automatic soak	Crystal option	Yes
Extreme option	Yes	Sterilise option	Yes

Baskets

Basket colour	Grey	Largest loadable dish in upper basket	14,0 cm
Basket components colour	Grey	Lower Basket	With 2 foldable racks
Handle	In plastic on upper and lower basket	Lower basket with anti-drip inserts	Yes
Upper Basket	With central fixed racks	Largest loadable dish in lower basket	31,5 cm
Glass holder	Yes		

Height adjustment of the upper basket	On two levels (4 cm)	Colour Inner Components	Grey
---------------------------------------	----------------------	-------------------------	------

Technical Features

Width (mm)	446 mm	Water supply	Single; cold/hot water max. 60°C - energysave with hot water up to 35%
Depth (mm)	550 mm	Max water hardness	90°FH; 50°dH
Display type	3 digit	Drying system	Natural condenser drying, with Dry Assist automatic door opening system at the end of the cycle
Product Height (mm)	818 mm	Steam protection	In plastic
Controls	Electronic	Tank material	Stainless steel
Display	Delayed start, Programme time indicator, Consumptions	Filter	Stainless steel
Programme graphics	Symbols	Concealed heating element	Yes
On/off indicator	Yes	Hinges	Self balancing, Sliding, FLEXIFIT
Salt light indicator	Light	Min. and max. frontal panel weight	2 - 7,5 kg
Rinse aid indicator	Light	Min. and max plinth height	40 - 175 mm
End of cycle indicator	ActiveLight	Can be installed in-column	Yes
Washing system	Standard	Adjustable feet	6 cm, from 820 to 880 mm
Water softener	With electronic setting	Additional gaskets	Yes
Turbidity sensor	Yes	Depth of dishwasher with open door (mm)	1200
Aquatest		Back feet adjustable from front	Yes
Flood protection system	Total Acquastop		

Performance / Energy Label

Energy Efficiency Class (Washing cycle)	D	Programme duration	4:00 h:min
Energy consumption [per 100 cycles, based on the eco programme]	67 kWh	Airborne acoustical noise emissions (spinning phase)	44 dB(A) re 1 pW
Rated capacity (ps)	10	Airborne acoustical noise emission class	B
Water consumption [per cycle]	9,9 litres	Energy efficiency Index (EEI) (Washing cycle)	49,9

Electrical Connection

Plug	(F;E) Schuko	Frequency (Hz)	50 Hz
------	--------------	----------------	-------

Connected power	1950 W	Type of connection	Single-phase
Current	10 A	Power supply cable length	150 cm
Voltage	220-240 V		

Compatible Accessories

KITPLV2

Kit extension for dishwasher and washing machine: length mt. 2

Symbols glossary

	Activelight is an led light which projects a red spot onto the floor beneath the dishwasher when the appliance is in use.		Aquatest measures the clarity of the water during an auto program, and automatically ensures the minimum consumption of water and energy.
	Anti-drip: Some models of dishwashers are equipped with special polymer nozzles anti-drip, that improve the process of drying.		Installation in column: Installation in column
	COMM_HEIGHT_82_72dpi		Delay Timer: The delay timer can postpone the start of the program by up to 24 hours.
	Models with new Flexi Fit hinges are able to be installed in kitchens with a plinth of just 5cms. With this new hinge design, the panel has a sliding movement from the bottom to the top, avoiding any possible interference of the panel with the plinth.		Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.
	Noise Level: Excellent insulation and special devices keep noise to a minimum.		This option provides special care for a delicate load. It prevents rapid changes in the wash temperature of the selected programme and reduces it to 4
	Option which improves the washing results of the selected programme. It increases the wash temperature and duration.		Eco: Eco, this economic wash programme uses a low amount of water and energy in order to provide the most environmentally friendly cleaning option.
	Normal programme: The normal programme is suitable for normal degrees of dirt for everyday use.		Soak programme: The soak programme provides a rinse to prevent dirt from drying.
	The symbols show the number of plate settings of the dishwasher.		Total Acquastop: In addition to the partial Acquastop protection present in all Smeg dishwashers, some models have an electronic device fitted to the water intake hose, which monitors water levels in the machine, detects leaks in the hose and switches off the water supply immediately when necessary.
	...		...
	...		Wash cycle for normally soiled mixed loads such as dishes and pans, even with dried-on residues. When this program is selected, the dishwasher recognises the type of dirt and automatically adjusts the washing parameters as appropriate.
	Programme suitable for washing and drying heavily soiled items with encrusted residues.		Option which provides better cleaning results by keeping the temperature between 65 and 70°C for at least 10 minutes during the last rinsing phase.

Energy efficiency class D

System WaterSave ensures the best washing results with minimal water consumption depending on the model of dishwasher.
