

**So powerful. So light. Such a clean, clean of fur home**

The powerful yet lightweight 700 Cordless cleaner is an exceptional solution for those who love living with pets. With powerful suction and Pet+ nozzle, fur is removed from all surfaces in your home and car, effortlessly.

**Product Benefits & Features**

**Powerful in every stroke, on every floor, forwards or backwards**

Delivers up to 99%\* dust pick-up with every forward and backward stroke – making cleaning fast and powerful. The AllFloor Auto nozzle glides from hard floors to carpets, ensuring thorough removal of dirt and debris.

\*Based on internal test on hard floors using Boost mode according to IEC 62885-4 standard.

**Powerful performance that lasts**

A durable, powerful motor with Multiple Cyclone technology efficiently separates up to 98%\*\* of dust for optimised performance. Delivers up to 3x\* longer lasting suction that stays consistent, even when the dust bin fills up, helping the cleaner perform for longer.

\*Compared with previous Electrolux 700 Cordless cleaner.

\*\*Based on internal test according to IEC 62885-4 standard.

**Designed to make light work of housework**

Packed with power, compact with only 1.35 kg total weight in-hand, this cleaner is designed for functional ease and flexibility. Access every corner from floor to ceiling and use quick releases to easily move between cleaning tasks.

**Intelligent suction power optimisation with Auto Mode.**

Smart cleaning efficiency for all floor types with Auto Mode. Smart sensor adapts suction power to the floor type in real time, for optimal performance and extended runtime\*. Always the right power in hand. Clean for up to 40 min with full cleaner\*\*, covering up to 151 sqm\*\*\* and

\*Compared to runtime in Boost mode. \*\*Based on internal tests according to IEC 62885-4 standard measuring run time on hand unit and full cleaner on min mode.

\*\*\*Cleaning coverage of complete clean based on internal test using one double stroke to cover each sqm

**Cleaner surfaces, cleaner air – with 6-step HEPA filtration**

Advanced 6-step HEPA filtration captures up to 99.99%\* of particles from 0.3 to 10 microns, including dust, pollen and pet dander. The new post-motor filter enhances filtration, ensuring cleaner air is released into your home.

- 2-in-1 function
- LED headlights in the nozzle
- Easy emptying
- DustSpotter™ LED lights

\*Based on internal test on particles in the size of 0.3-10 microns according to IEC 62885-4 standard.
