

Smart cooling that adapts to you. Frost-free freezer

The 700 No Frost AI CoolAssist Fridge-Freezer adapts to your daily routine, whether you're adding fresh groceries or leaving on holiday. No Frost prevents ice build-up, so you don't have to defrost.

Product Benefits & Features
AI CoolAssist® – smart cooling that adapts to your routine

AI CoolAssist® intuitively adapts fridge settings to your daily routine - whether adding groceries or leaving for vacation. AI CoolAssist® learns your habits to optimize cooling temperature, and, during low-use times, can save up to 14% energy.*

TwinTech® No Frost - food kept hydrated and juicy

TwinTech® No Frost has an advanced dual cooling system for the fridge and freezer. This technology ensures the freezer stays frost-free and the fridge humidity optimal, preventing the food from drying out.

*Energy savings measured on 1780 CB Multichill, 1780 CB Twintech NoFrost and 1225 Freezer NoFrost during activation of Autovacation mode versus factory default settings with AI CoolAssist off and tested with an external temperature of 25°C. Actual energy savings may vary based on usage patterns and

Ultimate storage flexibility with MultiSpace

The MultiSpace fridge is taller than standard designs, giving you more room to store ingredients. Multiple storage solutions allow you to customise the space to suit your needs for improved flexibility and organisation designed around you.

Cooling every corner. Full flavour in every bite

All-around air circulation flows cold air in every corner, through efficient air vents. Available in metal, glass, or plastic, Cooling 360° protects ingredients from freezing against the back wall, keeping your food fresh.*

The Cooling 360° design and materials may vary by market and could include metal, glass, or plastic. Product specifications and materials may vary by region. Please check with your local retailer for more details.

Delicate ingredients protected, with the ExtraChill drawer

Protect the quality, taste and freshness of cold cuts and cheese in the ExtraChill drawer. The drawer maintains a lower temperature than the rest of the fridge, with an active circulation of cold air.

- Automatic defrosting of the freezer compartment
- Automatic defrosting of the cooling compartment
- CustomFlex®
- Audible and visible warning signal for open door
- Audible and visual warning signal for open door and high temperature
- Fast freeze function with automatic return to normal
- Freezer drawers: 3 Full Width, Transparent Plastic
- Glass shelves in the freezer
- Refrigerator lighting: Luna – 1 Top
