

Helping you cook at your best

The 800 SenseBoil® & Fry Extractor Hob intuitively adjusts the heat to help prevent boil-overs and maintain a controlled simmer. Three frying temperature levels help you achieve even, consistent results with ease.

Product Benefits & Features

Intuitive sensors, optimal results

SenseBoil® & Fry – your intuitive kitchen assistant. SenseBoil® detects rising bubbles and lowers heat to prevent boil-overs, while SenseFry maintains a steady pan temperature for even, consistent results. Effortless cooking, every time.

A timeless statement, made with our most scratch-resistant glass

The SaphirMatt® hob transforms the heart of your kitchen with its matt black surface and sophisticated, modern lines. Made to deliver up to 10X more scratch resistance than a standard hob surface for elegance that lasts. Fingerprint-resistant to minimise clean-up effort.*

*Based on abrasion tests conducted by external Swiss laboratory in accordance with international standard IEC 60068-2-70. Scratch visibility is assessed internally in comparison to our standard ceramic glass hobs without special treatment or coating.

Expand your cooking space with FlexBridge

FlexBridge lets you connect up to four zones to create a larger cooking area with even heat distribution, making it ideal for large pots, pans and planchas.

Easily set the right power level with one touch control slider

Fast, easy, and precise control of all nine-level cooking zones with the Direct Touch Single Slider. With the PreciseHeat function, you can always set the perfect power level, down to a half level, for whatever you're cooking.

Fresh air for longer with reusable filters

The Grease Filter and OdourClean Plus Carbon Filter are easy to clean in the dishwasher, helping to keep the fan running at its best for longer. The carbon filter can be regenerated up to 8 times, for up to 3 years* of use.

- Booster function
- Child safety lock function
- Hob²Hood funktion
- Automatic safety switch off
- Indicator for grease filter saturation
- Indicator for carbon filter saturation
- Tubes included

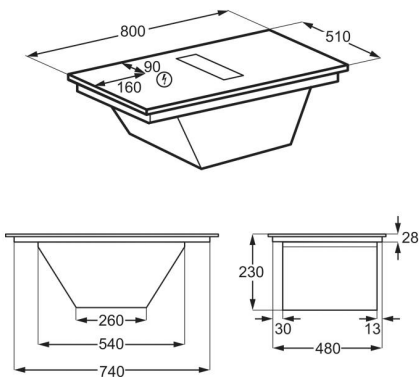

*The stated lifespan is an estimate based on internal testing. Performance may vary depending on individual usage patterns and conditions; actual lifespan may be shorter or longer.

Product Specification

Nordic_HB_FrameType_Colour	Frameless Square
Dimensions WxD in mm	800x510
BI dimensions HxWxD in mm	225x750 - 780x490
Build in type	Integrated and on top
Air outlet, mm	220
Filter Type	Odour Clean Carbon Filter
Grease filter, n° of	2
OdourClean Standard Carbon filter	Optional accessory
Radius cutting, mm	5/10 integrated
LED colour	Red
Glass ceramic colour	SaphirMatt;Scratch Resistant
Nordic_CH_BreezeFunction	Yes
Nordic_CH_Cap_MinMaxInt_SecGen	270/550/650
Nordic_CH_Recirc_MinMaxInt_SecGen	250/480/585
Nordic_CH_Noise_MinMaxInt_SecGen	50/66/69
Nordic_CH_Noise_Recirc_MinMax_SecGen	55/71
Energy efficiency class Hood	A+
Fluid dynamic efficiency class	A
Grease filter efficiency class	B
Left Front - Power, W / Diam., mm,-2nd Gen	2300/3200W/220mm
Left Rear - Power, W / Diam., mm-2nd Gen	2300/3200W/220mm

Right Front - Power, W / Diam., mm-2nd Gen	2300/3200W/210mm
Right Rear - Power, W / Diam., mm-2nd Gen	2300/3200W/210mm
Motor type	Brushless
Extractor speeds	3+Intensive
Cord length, m	1.5
Total electricity loading	7350
Volt, V	220-240/400V2N
Product Number Code	949 599 582
Bar code	7333394142364
